

LITTLE WONDERS

babysitting & events service

*Planners & Venues
Wedding Care Guide*

Planner & Venue Peace of Mind

As an events planner or venue, you're tasked with the monumental responsibility of bringing together all the moving parts of a wedding and orchestrating them to perfection. From the delectable cuisine to the flawless setup and timing, your expertise and experience are crucial to ensuring a seamless and unforgettable day for the happy couple and their guests.

And let's not forget about the potential wild card of the tipsy aunt or other guests who might stray from the script or try straddle the marquee pole. But fear not! With your keen eye and quick reflexes, you're ready to deftly navigate any unexpected twists and turns that may arise.

So what happens when the less predictable guests (children) are involved? Even when parents are informed that their children are their responsibility - there's always one guest who gets lost in conversation (or a little past tipsy!), where you end up herding children to safer places.

We understand that children can create an entirely new set of risks, and that's where we come in! Think of us as your go-to wedding planner sidekick - our specialty - your little guests!

We've been supporting venues and planners since 2014 and 2023 marks our expansion to provide support for even more venues and we are here to help you pull on the best wedding each time!

Do you have a couple that don't want kiddos present - but are juggling with guests travelling interstate or internationally, stressed about finding childcare options?

Perhaps your venue is rural, remote and the nearest accommodation is quite the distance? Not to mention the idea of trying to find enough babysitters to support the number of guests?

The great news is we have you covered - as we provide care for all wedding types!

Working with You

As a planner and/or venue your priority also includes the safety of your team and venue.

We work closely with you to ensure we have all the necessary information to provide safe, quality and seamless care for children - taking into account the couples, guests and venues preferences to create a care journey unique and nurturing.

We love getting to know your venue like the back of our hand, so we are also happy to arrange venue viewing before events to truly get to know your space.

The Host+ Guest Journey

We believe every couple deserves to celebrate the way they wish - including where and when they wish for children to be included.

We take both the couple and all guests with children through a step by step journey to create a wholesome, stress free and relaxed child care experience.

Care Options- For Venues

Care at your venue can mean peace of mind for guests who are travelling (and like kiddos close) and can be a perfect compromise for couples seeking child friendly (canapes & dancing) and child free moments (speeches & reception).

Care at your venue can include care options for infants - teens

Care of infants (birth- 2 years)- nappy change spaces, portable cots, baby toys and play rugs

Care of Kiddos (2-12 yrs) - we bring the fun with activities for agesm interests and energy levels!

Care of Teens - We create the perfect teen hang out space (little kid free) for older kids who are keen on spending time in their own zone!

A separate space or room allows us to create a child friendly zone that children can call home for the night! No separate room- now worries! We provide care in a lot of unique settings including glamping tents, marquees and Airbnb's! (read on to learn more about care offsite)

Care Options- For Accommodation

If your venue also has onsite accommodation these can offer alternative care spaces for children to play more freely and relax when it's time for bed.

We can also use nearby Airbnb's and accommodation to provide care for guests in a group or individual setting.

Care at holiday houses can usually go up to a maximum of 20 children depending on the home size. We can consider multiple care locations should guest lists exceed 20 children

Wedding Care Timeline

SAVE THE DATE!

Lock in your wedding date up to 12 months in advance by paying a 20 % deposit.

CONNECT WITH YOUR GUESTS

We connect with each of the families attending your celebration to discuss their child's care needs, and help your guests be prepared to celebrate your special day stress free.

WEDDING CONSULT & CUSTOM QUOTE

Our Connect Call helps us learn more about your wedding, the best care options for little VIPs we will be providing care for and gives us enough information to create your custom care package.

FINAL WEDDING CONSULT

We connect with you 8 weeks prior to your wedding to finalise any changes and create your final invoice.

CELEBRATE

It's time to enjoy your day! We will work with your venue and planning team to create a children's play experience to be remembered for many years to come!

Wedding Care Packages

Your all-inclusive package takes care of all-things-child so you and your guests can celebrate with peace of mind. No one event is ever the same, nor are the children attending.

We customise care to the children who will be celebrating with you, taking care of your preferences along the way.

It's important that you know the staples that hold your perfect day together and create magical memories for years to come.

care of all pre-registered children at your event for a minimum 4 hours

Activities planned and provided based on the interests and development stages of the children attending - no one size fits all activities

child safe furniture - such as small tables, chairs and play spaces to make your children's room cosy

comfort styling - soft rugs, cushy pillows and fluffy blankets to create the perfect cosy corner

change mats, wipes and clean spaces for children to feel safe and at home

Pre-consults with all of the parents who are attending your special day, to ensure families feel confident and comfortable

Peace of mind with care provided by our qualified and experienced team members

Complimentary Extra's

colour coordination of childrens play spaces to your chosen theme

balloon bunches coordinated to your chosen themey

10% guest discount for all offsite babysitting pre or post event

Our Wedding Team

A quality team starts with the amazing individuals in it. Weddings & events also come with unique challenges and sometimes added risks, with many venues designed for the perfect event - not the perfect kids party. Picturesque cliffs and rolling hillsides are perfect for a couple moment, less so for children who love exploring and guests who love champagne.

We are here to help you have the perfect stress-free celebration - with peace of mind the children are safe - and having just as much fun as the adults!
The minimum qualifications of anyone within our team include
(but not limited to)

18-55 years of age

Blue Card (QLD) and/or Ochre Card (NT)

Police Check (every 12 months)

A minimum 2 years experience caring for children (with many members of our team having 2-30+ years experience)

Weddings and events are unique - so not all of our Little Wonders team provide care at functions. Our Functions team is made up of passionate carers, innovative and creative thinkers who provide fresh play experiences on-the-go to match the children who are celebrating your day.

Event Consult & Custom Quote

Your wedding or event of choice is made up of your venue, vendors and entertainment working together to create an exceptional experience for you and your guests.

Your consult (usually via phone call) allows us to learn more about your event, your care preference's (such as children remaining separate and/or part of key moments), learning about your guests and where they are travelling from, as well as discussing the best options available that suit the type of atmosphere you are wanting to create.

After your consult it can take up to 2 weeks to create your custom quote or multiple quotes depending on the options, we are exploring for you.

Once created your quotations will be sent to the email address you have nominated. Please note the initial quotes we provide do not include any final changes and can be subject to change.

Securing Your Event Date

By paying a 20% deposit off your chosen care package (or booking fee) depending on the type and size of the event, you can secure your event date up to 12 months in advance.

This non-refundable deposit not only reserves your event date but allows us to start making plans to accommodate the care you require.

Final Event Consult

Your final event consult takes place a minimum 60 (or 8 weeks) business days prior to your event date. This allows you to make changes such as add additional children, change colour themes and care preferences.

Your quote will be amended to reflect any changes with full payment of your event due 45 business days prior to your event date.

Connecting with your Guests

Weddings are a time to celebrate your next steps and commitments as a couple. As exciting as this is, many guests can feel unsure regarding care for their children, the top three concerns being new carers, new location, and children out of their usual routine.

By connecting with your guests, we can discuss their child's individual care needs as well as alleviate parent (and child) stress. We can ensure families are aware of the care options that are available to them at your event, what to bring and how to prepare for the celebrations ahead.

We will also send the families attending a reminder text message 24-72 hours prior to your event date- this reminder will include the care options available, the names of the nannies providing care (if available), care times and items to bring along for their child.

Celebrate

Your special day has arrived - no matter the celebration, the air is always buzzing with excitement!

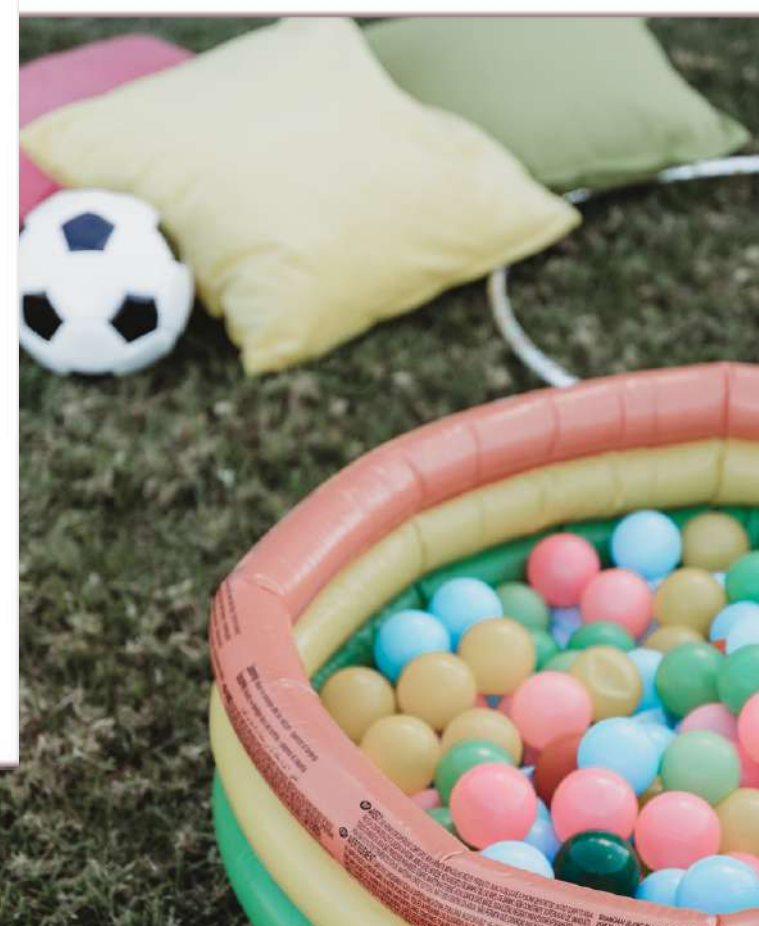

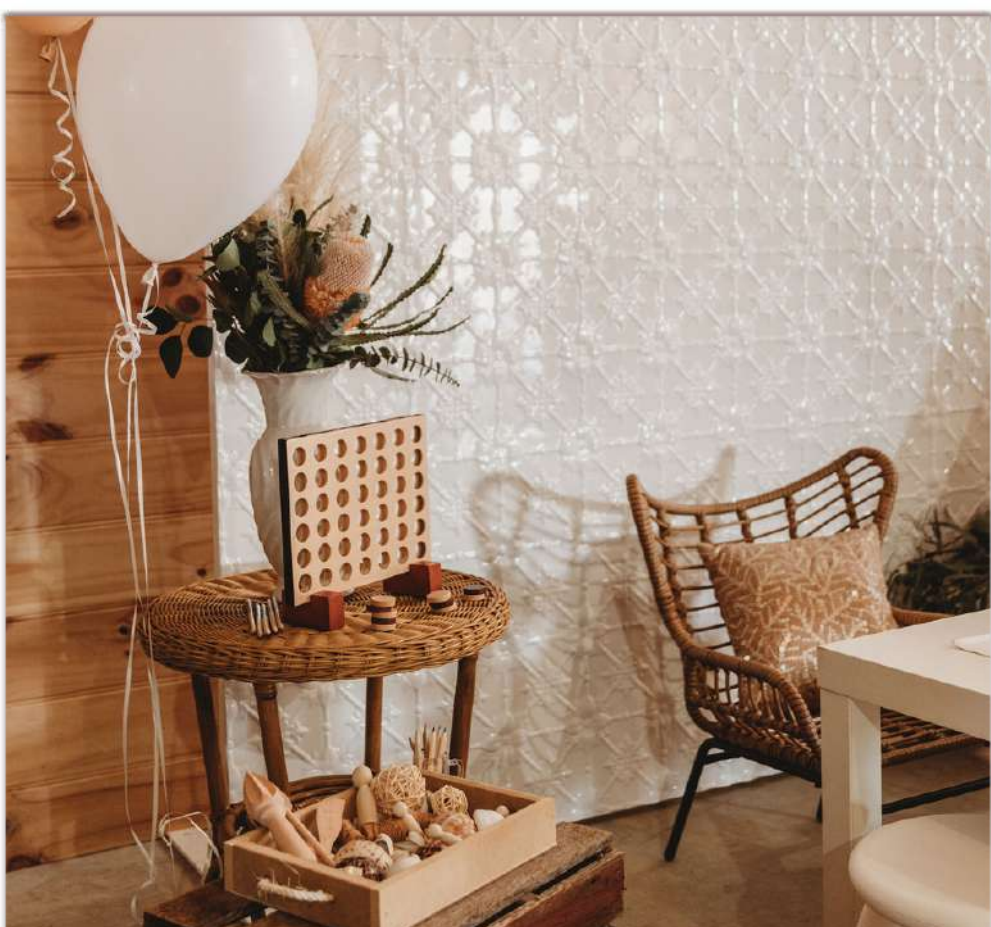

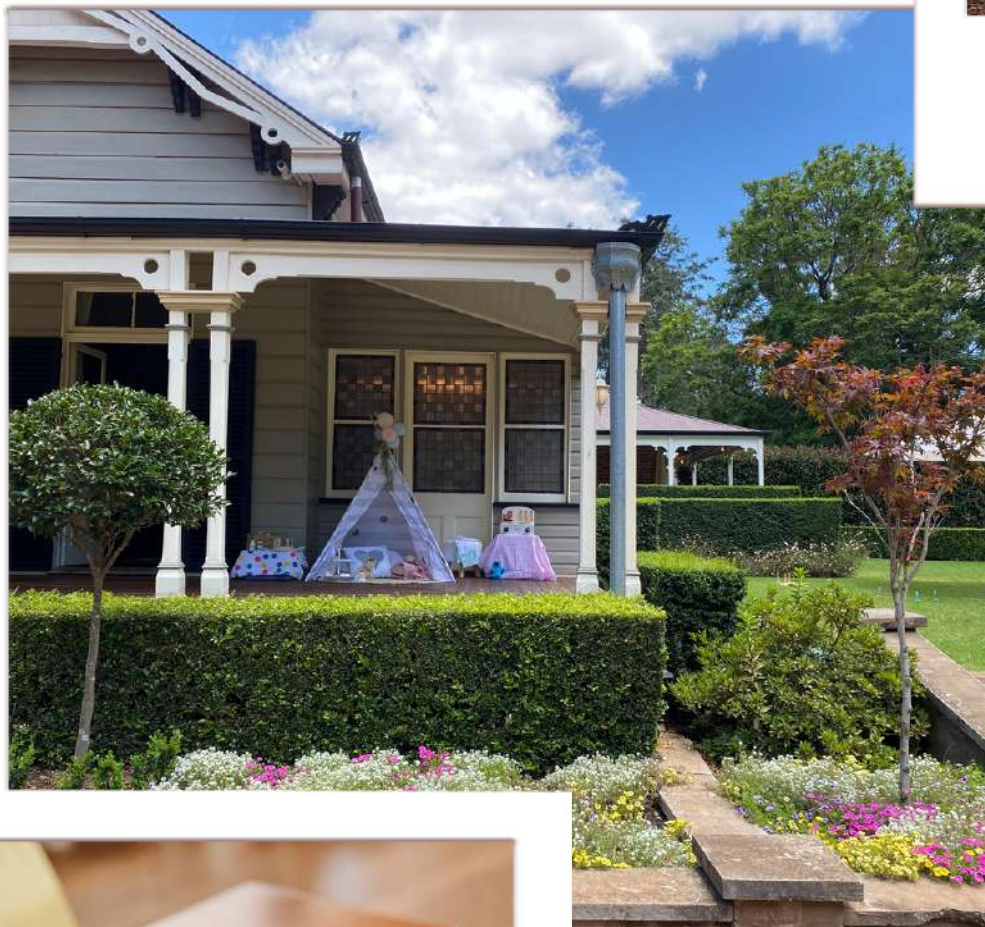

Set up for your child friendly space can take between 2-4 hours depending on the inclusions of your care package and the number of children we are to providing care for.

We will work with your venue and planner to ensure the perfect celebration!

Wedding Reviews

We're Greek ..I think that says it all! Lots of family, 14 flower girls and 7 page boys.

We had over 40 children at our wedding and the Little Wonders team handled it like a dream. Our guests were raving about it for over a month!

Sophia, February 2020

Our wedding got rescheduled 3 times due to covid but we finally had our special day in 2021. The set up was the cutest and I even took 5 minutes to hide in the kids teepee before we entered the reception! The children were so content - which made for happy guests!

Genevieve, July, 2021

We had a mixed culture wedding - which means alot of pre and post wedding parties!

Mahani,
June 2022

We chose to have a care team for our rehearsal dinner, wedding reception and post wedding breakfast. It was great to see the children having a great time so the adults could celebrate. Many of our guests were glad they got a babysitter discount for all the other events we had too!

Many of our guests were from interstate and some international (NZ). So many of the guests felt more comfortable knowing they could talk directly to the nanny team before they travelled for our wedding. The kids were so happy and the nannies were so fun!

Melissa
May 2022
